FOCUS AND SCOPE OF THE JOURNAL

Journal of Management and Informatics with P-ISSN: 2961-7731, E-ISSN: 2961-7472. This journal focuses on publishing high-quality articles dedicated to all aspects of research, issues, and the latest developments in the field of Management Science. Topics in this Journal relate to any aspect of management but are not limited to the following topics: Human Resource Management, Financial Management, Marketing Management, Public Sector Management, Operations Management, Supply Chain Management, Corporate Governance, Business Ethics, Management Accounting and Capital Markets and Investment. The *Journal of Management and Informatics* is published three times a year, in **April, August, and December**, and invites contributions from researchers and practitioners worldwide. We strive to maintain the highest standards of academic excellence, ensuring that each publication adds significant value to the field of Management Science.

The topic for this issue is "AI in Business." We welcome articles written in English, prioritizing original research results. While new scientific review articles are also considered, they are not given top priority. The final decision on whether to accept a submitted article rests with the Editorial Board, based on their recommendations.

JOURNAL INDEXATION INFORMATION

Journal of Information Technology and Engineering <https://jmi.stekom.ac.id/index.php/jmi> is a peer-reviewed journal that has been indexed in several reputable indexers, including Google Scholar; Digital Reference Guard (GARUDA), International Index of Copernicus. (COPERNICUS), Dimension, dan ORCID.

FOREWORD

The Journal of Management and Informatics (JMI), with P-ISSN: 2961-7731 and E-ISSN: 2961-7472, is a scholarly journal that publishes high-quality articles addressing various aspects of Management Science. The journal covers a wide range of topics, including but not limited to Human Resource Management, Financial Management, Marketing Management, Public Sector Management, Operations Management, Supply Chain Management, Corporate Governance, Business Ethics, Management Accounting, and Capital Markets and Investment.

JMI is published by the University of Science and Computer Technology three times a year, in February, June, and October. The journal aims to serve as a platform for sharing original research and insightful reviews, inviting submissions from researchers and practitioners worldwide. The Editorial Board, led by Editor-in-Chief Dr. Ir. Agus Wibowo, M.Kom, M.Si, MM, is committed to upholding the highest standards of academic quality to ensure each article makes a significant contribution to the field of Management Science.

All submitted manuscripts undergo a rigorous double-blind peer review process. After an initial screening by the Managing Editor to ensure they meet the journal's criteria, articles are evaluated by at least two reviewers with expertise in the relevant area. Reviewers assess the originality, clarity, and impact of the research. The final decision to publish is made by the Editorial Board based on the reviewers' recommendations.

For detailed guidelines on manuscript preparation, submission instructions, and policies, please refer to the journal's website. The DOI for the journal is <https://doi.org/10.27824/jmi.v3i2>. We extend our deepest appreciation to our peer reviewers and the Editorial Board for their ongoing efforts in maintaining the quality and relevance of JMI.

Regards,

Editor-in-Chief
